

Youth Leadership and Young Couples Conferences

Diverse Power Incorporated, along with Georgia's other electric membership corporations, annually sponsors participants to the Youth Leadership Conference and the Young Couples Co-op Conference, both organized by the **Georgia Cooperative Council**, which promotes all types of cooperative associations in Georgia.

Cooperative Youth Leadership Conference

Each year, Diverse Power chooses students to attend the Georgia Cooperative Council's Youth Leadership Conference and pays all expenses for the three-day conference. Held each July at the FFA Camp in Covington, the Leadership Conference offers students teambuilding exercises and personality assessments, along with the opportunity to enjoy horseback riding, canoeing and swimming. The Conference provides leadership training and explores the cooperative way of doing business, heightening students' awareness of cooperatives in Georgia.

More about the conference is available on the [Georgia Co-op Council's](#) Web site. To apply, contact a Diverse Power member services representative at (706) 845-2000.

Young Couples Cooperative Conference

Held at Ocean Creek Plantation Resort in Myrtle Beach each November, the Young Couples Cooperative Conference brings young couples from Georgia, North Carolina and South Carolina together for a three-day weekend to learn about various types of cooperatives, participate in competitive activities, make new friends, and enjoy the beautiful beach atmosphere.

For young couples ages 30 and under, this Conference each fall provides a fun and informative weekend. For more on the Young Couples Cooperative Conference, visit the [Georgia Co-op Council's](#) Web site. To apply, call Diverse Power at (706) 845-2000.
